

We will update the calendar frequently so check back often. Our IDPA matches typically consist of at least six courses of fire. USPSA matches also typically consist of four courses of fire, one of which will be a classifier. Trap and skeet practice depends on the wishes of the squad, with opportunities to shoot singles, handi-cap and doubles. **Due to possible weather conditions shooters that are interested in attending a match should call ahead. Also, be sure to check the starting times as they change with the seasons. If you have any corrections, additions, etc., please send to Reg Phillips at [regs.phillips@dteworld.com](mailto:regs.phillips@dteworld.com)**
